CORALIS CONSTANTINI, VT

vulgo vocant, opus insigne & præclarum, vereq; cœlestis harmoniæ, Authore nunquã satis laudato Musico, Henrico Isaac, Diui quondam Cæsaris Maximiliani Symphonista Regio, opus inquam, illustris Isaci, officina dignum, & propter compositionis artifitium, & cygneam venustatem, adeo vt ex fæcundissimo tanti artificis pectore, vere emanasse videatur.

Nornbergæ imprimebat Hieronymus Formschneider

Ad candidum Musicum.

En tibi quæ cecinit suauissimus Isacus olim
Dum viuum fœlix Cæsaris aula tulit
Dum regum curæ cantus, dumque artis alumni,
Inque suo precio Musica blanda fuit
Noscere regnantem super omnia sydera Cœli
Dum cuperet tellus florida quicqd habet
Omnibus hæc dum sola fuit, dum maxima cura
Vt colerent sancta relligione Deum
Vt canerent dignas Domino super æthera laudes
Et ferrent magno carmina magna Deo,
Nablis, & lituis, rauco clangore, & aduncis
Cornibus, ac dulci voce sonante melos.
His fruere, his recrea pressas mœroribus altis
Mentes, his curas pellito corde graues
His, quoties tristis tua pectora vexat Erinnis,
Si furor exundans, anxia corda leua.
His, pietatis amans, te crebro ostendito gratum
In Domini laudes carmina grata canens
Suscipe nunc igitur cecinit quæ pectore molli
Autorisque velis nominis esse memor

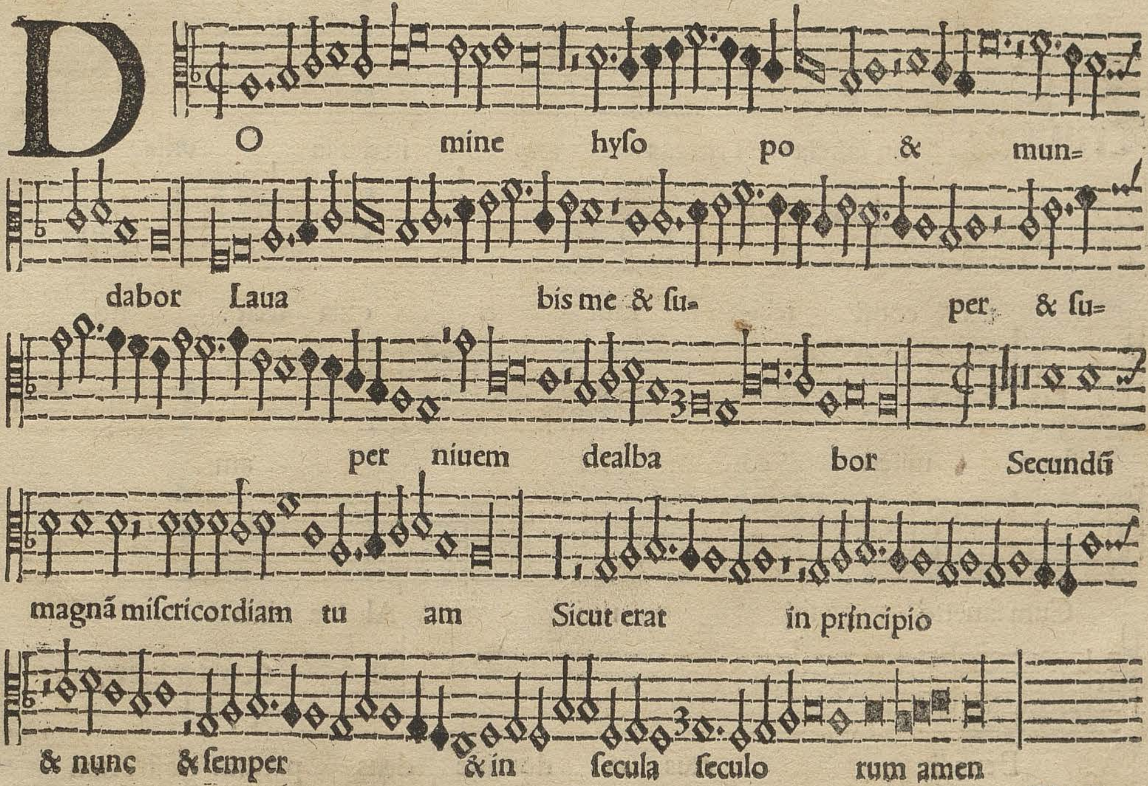

Autoris, tanto tibi qui congeſsit aceruo
Quo conſtant paſsim cuncta, labore graui
Et noſtram, quamuis tenuis ſit cenſor, opellam
Vulnifico noli rodere dente precor.
Iuſsit enim pietas ſtudijs conamine noſtro
Auxiliatrices, candida, ferre manus
Forſitan hoc aliquod voluit placabile numen
Ne pereant turpi cantica ſacra ſitu
Cantor vt argutus lætetur munere tanto
Vt doleat ſpectans ædita liuor edax
Quod ſi nūc manibus fueris amplexus vtriſq;

Iſaceis, dubio procul, e penetralibus orta
Plura tibi poſthac, qui dedit iſta, dabit.

ENCOMION OPERIS.

Quæ nobis dulcis modulamina Muſica prœbet
Triſtiam pellunt ægraq; corda leuant.
Hæc ſed præcellit ſuauiſsima Muſica longe
Quæ canit ore pios, nec ſine mente ſonos.

Hæc Domino grata eſt, placidis hanc auribꝰ audit
Hac quoqꝫ cœleſtis concinit ipſe chorus.
Lœta fouet, iuuat oppreſsos, ac triſtia pellit,
Cor leuat, ac animæ redditur inde ſalus.
Tales en dulces, veræ plenos pietatis,
Iſacus excellens edidit arte, ſonos
Hoc opus egregium, grato complectere corde,
Attenta lætus fàc quoqꝫ mente canas.
